

Dear Friend, [or church name]

Here's a chance for your church members of all ages to take a trip to the ancient wilderness between Egypt and "The Promised Land," where the Hebrews built a tabernacle to their God to help them learn to conduct meaningful worship. Messiah's Mansion, a traveling full-scale replica of the Old Testament Sanctuary, will be coming to [area] from [dates].

We wanted to share this with your church so your congregation can enjoy this opportunity as well. We would love for each community church to promote and attend this event, giving a chance for the [area] community to spark or strengthen their Christian faith.

Included within this packet are sample materials to help you promote this event within your network. [If your church would also like to partner with us in putting on this sacred event, feel free to contact us using the information inside.] We pray that God will bless our community in a special way, using this event.

In His steps,

[name]
